

[Owners Manual Leopard RL "DIGITAL K" - If you have the new 'Key Start' digital ignition type](#)

[Owners Manual Leopard RL "PUSH BUTTON" - If you have the old analogue ignition with the Green & Red Push Buttons](#) ***If you own a Push button ignition on your RL. A reminder that all old Green & Red "Push Button" ignitions are "analogue type ignitions" and the new Green CDI unit will not work on them as they are analogue. You will need a "digital Key ignition" on your engine to compete in AKA competition.***
